

THE FIRST AUSTRALIA AND NEW ZEALAND BIOWIN USER GROUP MEETING

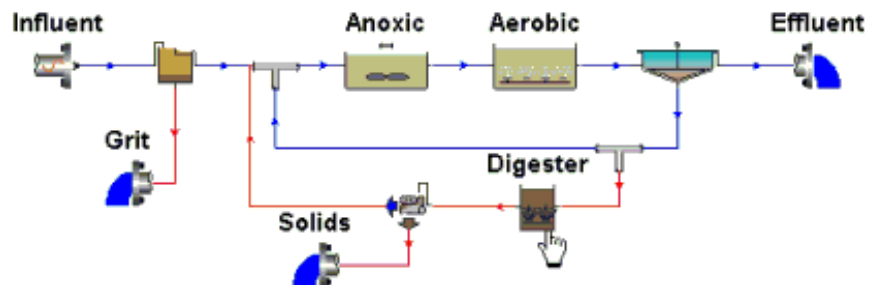

A 1-day user group meeting, by

on December 10th, 2008

at the Punt Hill Conference Facility, Little Bourke, Melbourne, Australia

Version 3!!

This Australia and New Zealand BioWin user group meeting is for both new and experience BioWin users who are interested in learning more about the functionality and practical application of BioWin. Meet other BioWin users, and engage in discussions with them as well as EnviroSim's Peter Dold and Mark Fairlamb on general or specific modelling issues or simulation requirements. The meeting is made up of news from EnviroSim, special training topics and user presentations. Attendance will be limited to allow ample time for user interaction with the BioWin Team, in question and answer sessions. A meeting program will be provided for each attendee.

Meeting outline:

- BioWin news and updates
 - New release, Version 3.1, development plans
- EnviroSim Process R&D for ultra low nutrients
 - Developments from DCWASA Blue Plains facility
- BioWin Special Training Topic
 - BW Controller
 - Model Builder
- User presentations covering:
 - Long Term Calibration
 - Future Capacity Constraints
 - Industrial Wastewaters
 - Operational Support
 - In Situ Instrumentation and Model Calibration
 - IFAS Systems
 - Trouble Shooting – Batch Systems
 - Sustainability
- Group Discussions

**... providing modeling
excellence**

.... and much more
